

3.3 Composition

Students **must** learn how to develop musical ideas, including extending and manipulating musical ideas, and compose music that is musically convincing through **two** compositions. One must be in response to an externally set brief (Composition 1) and the other a free composition (Composition 2).

The combined duration of the compositions **must** be a minimum of **four and a half minutes**.

Compositions must demonstrate technical control in the use of appropriate musical elements and how they are combined to make sense as a whole. Please refer to the tables of musical elements in [Subject content](#) (page 11).

Students must be able to compose music in one or both of the following formats:

- instrumental/vocal: produce notated score, written accounts and/or lead sheet by traditional means or by using music software as appropriate
- production: generated entirely digitally, by using music software, without notated score but with accompanying annotation.

Students must be able to make creative use of the musical elements appropriate to their chosen style or genre of music.
