

3.2.4 Sport and society and the role of technology in physical activity and sport

Students should develop knowledge and understanding of the interaction between, and the evolution of, sport and society and the technological developments in physical activity and sport.

3.2.4.1 Concepts of physical activity and sport

Content	Additional information
The characteristics and functions of key concepts and how they create the base of the sporting development continuum.	Physical recreation. Sport. Physical education. School sport.
The similarities and the differences between these key concepts.	

3.2.4.2 Development of elite performers in sport

Content	Additional information
The factors required to support progression from talent identification to elite performance.	
The generic roles, purpose and the relationship between organisations in providing support and progression from talent identification through to elite performance.	National Governing Bodies. National Institutes of Sport. UK Sport.
The support services provided by National Institutes of Sports for talent development.	
The key features of UK Sport's World Class Performance Programme, Gold Event Series and Talent Identification and Development.	Or equivalent current named programmes.

3.2.4.3 Ethics in sport

Content	Additional information
Understanding of the key terms relating to ethics in sport.	Amateurism, the Olympic Oath, sportsmanship, gamesmanship, win ethic.
Positive and negative forms of deviance in relation to the performer.	

3.2.4.4 Violence in sport

Content	Additional information
The causes and implications of violence in sport.	Performer Spectator Sport
Strategies for preventing violence within sport to the performer and spectator.	

3.2.4.5 Drugs in sport

Content	Additional information
The social and psychological reasons behind elite performers using illegal drugs and doping methods to aid performance.	
The physiological effects of drugs on the performer and their performance.	Erythropoietin (EPO). Anabolic steroids. Beta blockers.
The positive and negative implications to the sport and the performer of drug taking.	Physiological adaptations. Social and psychological rewards (for the sport and the performer). Negative impact on current and future health. Social and psychological repercussions (for the sport and the performer).
Strategies for elimination of performance enhancing drugs in sport.	
Arguments for and against drug taking and testing.	Testing procedures will not be examined.

3.2.4.6 Sport and the law

Content	Additional information
The uses of sports legislation.	Performers (contracts, injury, loss of earnings). Officials (negligence). Coaches (duty of care). Spectators (safety, hooliganism).

3.2.4.7 Impact of commercialisation on physical activity and sport and the relationship between sport and the media

Content	Additional information
The positive and negative impact of commercialisation, sponsorship and the media.	Performer. Coach. Official. Audience. Sport.

3.2.4.8 The role of technology in physical activity and sport

Students should understand the types of and use of data analysis to optimise performance.

In this section, students should be able to select and justify their selection of technology for analysis of physical activity and sport to optimise performance by:

Content	Additional information
Understanding of technology for sports analytics.	Use of technology in data collection (quantitative and qualitative, objective and subjective, validity and reliability of data). Video and analysis programmes. Testing and recording equipment (metabolic cart for indirect calorimetry). Use of GPS and motion tracking software and hardware. Maintaining data integrity.
Functions of sports analytics.	Monitor fitness for performance. Skill and technique development. Injury prevention. Game analysis. Talent ID/scouting.
The development of equipment and facilities in physical activity and sport, and their impact on participation and performance.	Impact of material technology on equipment – adapted (disability, age). Facilities – Olympic legacy, (surfaces, multi-use).

Content	Additional information
The role of technology in sport and its positive and negative impacts.	Sport. Performer. Coach. Audience.
