

3.2 Assessment information

Controlled conditions

These activities must all be carried out under controlled conditions. Students will be allowed to write up their practical reports in a separate lesson, but their materials must be collected at the end of the session and handed back at the beginning of the next session. Students are not permitted to work on their practical sheets out of the lesson. Students' work must be individual and they may not work with other students in groups.

Assessed practical sheets

The practical sheets for activities **b**, **c** and **d** are confidential and must not be shown to students prior to their completion of them. They will be available on a secure Edexcel website for teachers to download in preparation for delivery.
