

6.7 Activity sheets

The activity sheets for activities **b**, **c** and **d** will be available to download from the Edexcel website. These are securely stored so a password is required to access them. They are confidential and must not be distributed to students prior to them carrying out the task.

The tasks for activity b — qualitative observation will change each year. The tasks listed in *section 6.3* (A2B1, A2B2, A2B3 and A2B4) are only valid from September 2009 to August 2010. New tasks will be available for each following year, on the Edexcel website, as secure files. The new files will have different codes (eg A2B5) to make them easily identifiable.
