

Section B

Section B will feature two extended writing questions – Question 5 (20 marks) and Question 6 (30 marks).

Question 5 will be based on an unfamiliar work related to one of the set works but not taken from any of the musical pieces listed in Appendix 4.

The purpose of this question is for candidates to draw links from their study of the set works to the music heard as an unfamiliar extract. Audio will be provided for this question. No skeleton score will be provided for this question.

Question 6 has four optional essay questions, with each optional question assessing a different area of study. Students select one option, therefore only needing to study a minimum of three areas of study in depth in order to prepare for the question. The question will ask students to evaluate music with reference to music elements, such as melody, structure and texture. No audio will be provided. An illustrative excerpt of several pages of the score will be provided. However, students are expected to use their knowledge of the set work as a whole in their answer.
