Area of Study 3G – Sikhism

Overview

This area of study comprises a study in depth of Sikhism as a lived religion within the United Kingdom and throughout the world, and its beliefs and teachings on life, specifically about Philosophy of Religion and issues of equality and social justice.

There are four sections: Sikh Beliefs, Philosophy of Religion, Living the Sikh Life and Equality.

The significance and importance of the various beliefs, issues and practices to Sikhs today should be explored throughout the sections. This should include reference to how scripture informs a Sikh's understanding of the topics and how approaches to the issues are underpinned by philosophical arguments and ethical theory as applicable.

Students will be expected to study Sikhism within the context of the wider British society, the religious traditions of which are, in the main, Christian. Students should compare and contrast the areas of belief and practice within Sikhism with Christianity as outlined in the content below.

- Beliefs about the afterlife and their significance (1.4)*
- The practice and significance of worship (3.5)*

Students should recognise that Sikhism is one of the many religions and world views in Great Britain, which include Buddhism, Hinduism, Islam, Judaism, Sikhism and non-religious views such as Humanism and atheism. This knowledge may be applied throughout the assessment of the specified content.

Students should compare and contrast the areas of ethics and/or philosophy within Sikhism and non-religious views as outlined in the content below.

Students should also recognise that within Sikhism there may be more than one perspective in the way beliefs and teachings are understood and expressed. Common and divergent views within Sikhism in the way beliefs and teachings are understood and expressed should be included throughout, including reference to Khalsa and non-Khalsa Sikhs.
