1 The nature and variety of living organisms

The following sub-topics are covered in this section.

- (a) Characteristics of living organisms
- (b) Variety of living organisms

(a) Characteristics of living organisms
Students should:
1.1 understand how living organisms share the following characteristics: • they require nutrition • they respire • they excrete their waste • they respond to their surroundings • they move • they control their internal conditions • they reproduce • they grow and develop.
