

Knowledge and Understanding	Learners must use an appropriate range of processes and techniques using traditional and/or digital media, appropriate to their chosen specialism(s) enabling research, exploration and the creation of the final outcome(s). Learners will build and evidence an understanding of: • relevant technologies, materials, processes and resources • continuity and change in different genres, styles and traditions relevant to their chosen areas of specialism • how ideas, feelings and meanings can be conveyed and interpreted in images and artefacts • how images and artefacts relate to the time and place in which they were made and to their social and cultural context • a working vocabulary and specialist terminology which are relevant to their chosen specialism(s) or areas of study.
