

Knowledge and Understanding	Learners must use an appropriate range of processes and techniques using traditional and/or digital media, appropriate to the chosen subject area enabling research, exploration and the creation of final outcome(s) to include critical written and visual analysis. Learners will build and evidence an understanding of: • relevant technologies, materials, processes and resources • continuity and change in different genres, styles and traditions relevant to Critical and Contextual Studies and the chosen areas of study within this specialism • how ideas, feelings and meanings can be conveyed and interpreted in images and artefacts • how images and artefacts relate to the time and place in which they were made and to their social and cultural context • a working vocabulary and specialist terminology which are relevant to their chosen area(s) of study.
