

4.1 How do designer engineers use annotated 2D and 3D sketching and digital tools to graphically communicate ideas?

- | | |
|--|---|
| <p>a. Demonstrate an understanding of how to use annotated sketching and digital tools to graphically communicate ideas and sketch modelling to explore possible improvements, in terms of physical requirements, such as:</p> <ul style="list-style-type: none"> • function, usability, construction, movement, stability, composition, strength • aesthetic qualities • manufacturing processes • suitability of materials and components. | |
| <p>b. Demonstrate an understanding of methods used to represent systems and components to inform third parties, including:</p> <ol style="list-style-type: none"> i. constructional diagrams/working drawings ii. digital visualisations iii. circuit and system diagrams iv. flowcharts with associated symbols v. prototypes and models. |  |
