

Section 3: Data presentation techniques. (9 marks)

Level 3	7–9 marks • There is appropriate and selective presentation of the most influential data collected directly related to the investigation. • The range of data presentation techniques is appropriate and well selected, with good knowledge and understanding of the relevant techniques for representing results clearly. • There is an appropriate balance of simple and more sophisticated data representation methods, relevant to the topic.
Level 2	4–6 marks • There is some selective presentation of the most influential data collected directly related to the investigation. • The range of data presentation methods is mostly well selected, with some knowledge and understanding of the relevant techniques for representing results. • There is an attempt to balance the simple and more sophisticated data representation methods, relevant to the topic.
Level 1	1–3 marks • There is no evidence of selective presentation of the most influential data collected directly related to the investigation. • The range of data presentation methods is poorly selected, with limited knowledge and understanding of the relevant techniques for representing results. • There is no attempt to balance the simple and more sophisticated data representation methods, relevant to the topic.
0 marks	• No response or no response worthy of credit.
