

2.3 Secondary market research sources

- ☐ Internal data
- ☐ Books/newspapers/trade magazines
- ☐ Competitors' data
- ☐ Government publications and statistics
- ☐ Mintel or similar

research source

- The primary/secondary market research may be physical or digital. Observations may be of people or location

Guidance:

- 'The internet' can be used to conduct market research but would not be classed as a stand-alone research method or source in itself
