

## **Section 2 : Enquiry and communication**

Researching a topical scientific issue by analysing information from different sources, including ICT-based sources, showing an awareness of the use and abuse of statistics

Contributing to group and class discussions

Coursework: Case Study of a topical science-related issue.

C2: Investigating the issues that arise at each stage in the life cycle of a material object.

C3: Exploring topical issues related to food and agriculture.

There will be opportunities for discussion in every module, e.g.

C2: Discussion of use of alternative materials for manufacture of a product following life-cycle analysis.
