

2b. Content of A Level Art and Design (H600-H606)

Component 01: Personal investigation

This component comprises two discrete but linked elements.

Element 1: Practical portfolio

This is a practical portfolio with supporting contextual research in which learners are expected to develop a personal response based on the centre-set or learner-set theme leading to a finished realisation(s) or outcome(s).

This portfolio will consist of a sustained project, theme or course of study. It may be presented in appropriate formats for the specialism and area of study chosen using, for example, sketchbooks, mounted sheets, maquettes, prototypes, digital presentations, animation, scale models or illustrated written work.

There is no restriction on the scale of work produced or the timeframe for undertaking the work but learners should carefully **select**, **organise** and **present** work to ensure that they provide evidence of meeting all four assessment objectives.

Learners must show they have:

- independently developed ideas through sustained and focused investigations in response to a given starting point
- produced material informed by contextual and other sources that informs the development of their practical work

- explored ideas, techniques or processes appropriate to their chosen specialism(s)
- recorded observations from sources relevant to intentions
- critically reviewed and refined their work as it progresses
- used their planning and preparation to produce coherent realisation(s)/outcome(s).

For the purposes of assessment, learners will provide evidence of all the assessment objectives through the **careful selection and presentation** of their work. The practical portfolio should be viewed as a whole and judgements regarding the extent to which all of the assessment objectives have been met should be made across the submission as a whole.

OCR-produced exemplar material is provided to help centres design and set their own starting points, briefs, scenarios and stimuli but this material must not be used for summative assessment. This is available on the [OCR website](#).
