

Overview

- Learners should be able to explore, research and acquire techniques and develop their skills, knowledge and understanding in a range of photographic media.
- Learners should explore relevant images, artefacts and resources relating to traditional and/or digital photography. Learners may use traditional methods such as photographic film and/or digital techniques to produce images.
- Learners in Photography are expected to demonstrate specialisation in particular media or processes to allow an appropriate depth of study. This can be achieved by working toward the extension and development of particular themes, ideas or issues.
- Drawing skills should be understood and developed as appropriate to the ways of recording and communicating intentions, ideas and emotions in the context of Photography.
