

2f. Content of non-exam assessment: Making media (H409/03/04)

Making media (Component 03/04) is a non-exam assessment (NEA) component that gives learners the opportunity to work independently and develop expertise that builds on areas of study from elsewhere in the course. Learners create a cross-media product in response to a brief set by OCR. Making media (Component 03/04) allows learners to create media products for an intended audience, by applying knowledge and understanding of the theoretical framework of media to communicate meaning.

This component provides the opportunity for the learner to demonstrate that they can apply knowledge and understanding of the theoretical framework to construct their media products by:

- applying knowledge and understanding of media language to express and communicate meaning to an intended audience
- applying knowledge and understanding to construct representations that portray events, issues, individuals and social groups as appropriate to the brief set by OCR
- applying knowledge and understanding of the media industries requirements to create a product that is appropriate to the media industry context of their chosen brief
- use of media language to create meaning for the intended audience.
