

6.4.4 Reattempting work before submitting marks to OCR

As described in Section 6.2, before submitting a final mark to us, you can allow students to repeat any element of the assignment and rework their original evidence – we refer to this as a '**reattempt**'. This is to allow the student to reflect on the feedback, which

must be recorded, and improve their work. It is not an iterative process where they make small modifications through ongoing marking and feedback to eventually achieve the desired grade.
