

7. The interdependent nature of business

In this section, learners will need to use content from both component 01 and component 02 to make connections between different elements of the subject. They will need to draw together knowledge, skills and understanding from different

parts of the GCSE (9–1) course and apply their knowledge to business decision-making within a business context. Their knowledge and understanding must include the following:

Content

- the interdependent nature of business operations, finance, marketing and human resources within a business context
- how these interdependencies underpin business decision making
- the impact of risk and reward on business activity
- the use of financial information in measuring and understanding business performance and decision making.
