

8.5 THE EUROPEAN DIMENSION

OCR has taken account of the 1988 Resolution of the Council of the European Community in preparing this specification and associated specimen assessments. European examples are required as a particular focus for study of the Western Classical tradition in Area of Study 2 (*Techniques of Melodic Composition*) and as specific examples of dance styles in their contexts in Area of Study 3 (*Dance Music*). Other examples from European repertoires should be used elsewhere whenever appropriate in the delivery of the subject content.

9 Key Skills

Key Skills are central to successful employment and underpin further success in learning independently. Whilst they are certificated separately, the Key Skills guidance for this qualification has been designed to support the teaching and learning of the content. Opportunities for developing the generic Key Skills of Communication, Application of Number and Information Technology and the Wider Key Skills of Working with Others, Problem Solving and Improving own Learning and Performance may also be developed through the teaching programmes associated with the specification.

The following matrix indicates those Key Skills for which opportunities for at least some coverage of the relevant Key Skills unit exist.

	Communication	Application of Number	IT	Working with Others	Improving Own Learning and Performance	Problem Solving
Level 1	✓	✓	✓	✓	✓	✓
Level 2	✓	✓	✓	✓	✓	✓

Detailed opportunities for generating Key Skills evidence through this specification are posted on the OCR web site. A summary document for Key Skills coordinators showing ways in which opportunities for Key Skills arise within GCSE courses will be published during 2001.
