

2c. Content of Studies and applications in psychology 2

This component introduces learners to the following topics: Social Influence, Memory and Sleep and Dreaming.

Learners must demonstrate knowledge and understanding of the key concepts, theories/ explanations, related research studies and application listed.

For the research studies the following must be studied: background, method (design, sample, materials/apparatus, procedure), results, conclusions and criticisms.

Learners are also required to have studied all content relating to planning research, doing research and analysing research (see section 2c Content of Research Methods (Components 01 and 02)).

Learners are encouraged to carry out ethical, investigative practical activities appropriate for the study of psychology at this level, but learners will not be directly assessed on these specific activities.
