Qualification summary

Subject criteria

The General Certificate of Education is part of the Level 3 provision. The Advanced Subsidiary GCE and Advanced GCE in Business Studies draw on the subject criteria for Business Studies, which are prescribed by the regulatory authorities and are mandatory for all awarding bodies. The joint Advanced Subsidiary GCE and Advanced GCE in Economics and Business Studies will cover approximately 50% of the subject criteria for Business Studies and approximately 50% of the subject criteria for Economics.

Aims

The Edexcel Advanced Subsidiary and Advanced GCE in Business Studies specification aims to encourage students to:

- develop an interest in and enthusiasm for the study of business
- gain a holistic understanding of business
- develop a critical understanding of organisations and their ability to meet society's needs and wants
- understand that business behaviour can be studied from a range of perspectives
- generate enterprising and creative solutions to business problems and issues
- be aware of the ethical dilemmas and responsibilities faced by organisations and individuals
- acquire a range of relevant business and generic skills, including decision making, problem solving, the challenging of assumptions and the quantification and management of information.

The Edexcel Advanced Subsidiary and Advanced GCE in Economics and Business specification aims to encourage students to:

- develop an interest in and enthusiasm for the study of economics
- appreciate the contribution of economics to the understanding of the wider economic and social environment
- develop an understanding of a range of economic concepts and an ability to use these economic concepts in a variety of different contexts
- use an enquiring, critical and thoughtful approach to the study of economics and an ability to think as an economist.

**AS/A2 knowledge
and understanding**

**This Advanced Subsidiary and Advanced GCE in Business
Studies specification requires students to:**

- investigate different types of business organisations which could be set up to develop and sell a product or service idea in a local, national or international marketplace. At A2 level, students will study the ways in which companies grow bearing in mind the markets in which companies are operating
- be able to analyse numerical information to identify, for example, poor cash flow or labour productivity and the reasons for this
- promote a holistic understanding of business through considering how a new business idea is developed, understanding how a business is managed, how its performance is analysed and how it could trade overseas.

The Advanced GCE in Economics and Business specification requires students to:

- use case studies to develop an understanding of economic concepts and theories through a critical consideration of current economic issues, problems and institutions that affect everyday life
- analyse, explain and evaluate the strengths and weaknesses of the market economy and the effectiveness of government policy and action within it
- develop a critical approach to economic models and methods of enquiry.

AS/A2 skills

**The Advanced Subsidiary and Advanced GCE in Business
Studies specification requires students to:**

- use both qualitative and quantitative methods to make justifiable decisions, taking into account opportunity cost.

**The Advanced Subsidiary and Advanced GCE in Economics
and Business specification requires students to:**

- select, interpret and use appropriate economic data from a range of sources.
