

## 2 Marking performances

The assessment criteria must be applied separately for each piece. (Please note that if two or more movements from a sonata or suite are offered, each movement is a separate piece for marking purposes.)

For each piece, use the holistic assessment criterion (out of 40) to give an overall reflection of the performance of the piece and use all five detailed assessment criteria (each out of eight) to report on specific aspects of technique and expression, then reconcile the totals arrived at by these different routes.

First identify a holistic mark out of 40 (for example, 25). Then identify suitable marks for the five detailed assessment criteria, each out of eight. If these add up to 25 (eg  $5 + 5 + 6 + 4 + 5$ ), 25 is clearly the final mark out of 40 for the piece. If, however, there is a discrepancy (eg detailed marking gives  $5 + 6 + 6 + 5 + 5 = 27$ ) while holistic marking suggests 25, briefly revisit both the detailed and the holistic assessment criterion until a single mark (which need not be the average of 25 and 27) is selected. It 27 seems over-generous, and the holistic mark of 25 is more appropriate award the single mark of 25/40.

Once you have arrived at a mark out of 40, you should scale the mark according to the difficulty of the piece performed (see the performance grid on page 82). If a student performs a Grade 6 piece, the mark will stay the same. However, if a student is awarded 25 out of 40 and played pieces that were Grade 8 in terms of level of difficulty, the final scaled mark will be 28/40.

When you have marked each piece out of 40, calculate the average to produce a single mark out of 40. For example, if there are four pieces and they are awarded 30, 32, 38 and 28, the final mark is  $30 + 32 + 38 + 28 \div 4 = 32$ . Decimals of 0.5 or greater must be rounded up to the next whole number. Decimals smaller than 0.5 must be rounded down.

Finally, consider criterion 6 and add a mark out of 10 to arrive at your final mark (out of 50) for this unit.

## Detailed assessment criteria

Teacher and moderators apply **all five** of the following assessment criteria where a score exists.

### Criterion 1: Quality of outcome

Overall security and effectiveness of the performance.  
Interpretation and musical communication. Extent to which the piece meets the specification in terms of duration.

The text in *italics* refers to ensemble performances only.

| Criterion 1: Quality of outcome (AO1) |             |                                                                                                                                                                                                                                                                                                                                                  |
|---------------------------------------|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8                                     | Outstanding | Mature, exciting and imaginative interpretation with a strong sense of authority and musical communication.<br><i>Consistently responsive reaction to other parts and if necessary adjustment to them. Thorough awareness of balance.</i>                                                                                                        |
| 7                                     | Excellent   | Sensitive interpretation, with a good sense of style and musical communication.<br><i>Excellent reaction to other parts and if necessary adjustment to them. Good awareness of balance throughout.</i>                                                                                                                                           |
| 6                                     | Confident   | Confident (if not always subtle) interpretation but consistent and with fairly good musical communication.<br><i>Generally good reaction to other parts and if necessary adjustment to them. Good awareness of balance throughout.</i>                                                                                                           |
| 5                                     | Competent   | Broadly satisfying interpretation with a few weaknesses not seriously detracting from the overall impression, but with limited success in musical communication.<br><i>Generally reasonably good reaction to other parts and some ability to adjust to them if necessary, but also a few difficulties. Some awareness of balance throughout.</i> |
| 4                                     | Adequate    | Serious attempt at interpretation, but some obvious technical weaknesses and/or inconsistency, or very mechanical.<br><i>Some ability to react to other parts and adjust to them if necessary, but with clear difficulties. At least some awareness of balance throughout.</i>                                                                   |
| 3                                     | Basic       | Reasonable attempt (eg in isolated expressive passages), but marred by technical problems or brevity.<br><i>Some basic ability to react to other parts, but with clear difficulties, and probably little ability to adjust. At least some awareness of balance throughout.</i>                                                                   |
| 2                                     | Limited     | Limited sense of assurance and seriously compromised by lack of sophistication accuracy and/or brevity.<br><i>Limited ability to react to other parts. There are numerous difficulties, and probably little or no ability to adjust. Limited awareness of balance.</i>                                                                           |
| 1                                     | Poor        | Very little evidence of competence. Seriously under-length.<br><i>There are numerous difficulties and very little evidence of reaction to other parts. Little or no awareness of balance.</i>                                                                                                                                                    |

**Criterion 2: Pitch and rhythm**

Accuracy of pitch. Accuracy of rhythm. NB: Intonation is **not** considered here, but under Criterion 4.

| Criterion 2: Pitch and rhythm (AO1) |                                                 |                                                                                                                                                      |

**Criterion 3:  
Fluency and tempo**

Maintenance of continuity (fluency). Tempo (including any necessary sectional tempo changes, ritenutos, and rubato) in accordance with the composer's direction(s) and/or the stylistic demands of the piece.

**Criterion 5:  
Phrasing,  
articulation and  
dynamics**

Observance of performance directions for phrasing, articulation and dynamics and the subtlety of their realisation where the composer has indicated them. Appropriate and subtle use of phrasing, articulation and dynamics where an Urtext edition is used. Dynamic range need not always be great (eg on a recorder).
