## Synoptic assessment

In synoptic assessment focus should be on the quality of assessment to ensure that it encourages the development of an holistic understanding of the subject.

Synopticity requires students to connect knowledge, understanding and skills acquired in different parts of the Advanced GCE course.

Synoptic assessment in the context of music requires students to make links between the performance, composition and historical aspects of music.

## Stretch and challenge

Students can be stretched and challenged in A2 units through the use of different assessment strategies, for example:

- having a variety of stems in the questions used — for example analyse, evaluate, discuss, compare
- having a requirement for extended writing
- in Units 4 and 5 students can perform or compose to an outstanding level which is reflected in the top mark descriptor
- in Unit 6, students will need to show deeper knowledge of the historical and contextual aspects of music
- improvement of synoptic assessment.
