Following on from the Key Stage 3 curriculum in Modern Languages, the Edexcel GCSE in French provides **flexibility, choice** and **scope for personalised learning**. Teachers and students have considerable **control of content in the speaking and writing units** and are free to **focus** on **one** or more of the following broad themes.

Theme	Possible related content
	The following content is indicative only. Students may undertake work on other topics that relate to the chosen theme.
1. Media and culture	Music/film/reading Fashion/celebrities/religion Blogs/internet
2. Sport and leisure	Hobbies/interests Sporting events Lifestyle choices
3. Travel and tourism	Holidays Accommodation Eating, food, drink
4. Business, work and employment	Work experience/part-time jobs Product or service information
5. Centre-devised option	This option enables French language learning to be linked to other areas of the curriculum not specified above. It may particularly appeal to centres offering content and language integrated learning (CLIL). NB: Centres should seek approval from Edexcel, using the <i>Ask the Expert Service</i> (see <i>Section C: Resources, support and training</i>).

Many students will appreciate the opportunity to focus on **one** broad theme relating to a specific interest or relevant curriculum area. However, it is acknowledged that some centres may wish to cover more than one theme, and this specification accommodates both approaches. Similarly, students can focus on one theme for the speaking unit and on a different one for the writing unit.

The qualification allows for **general, mixed** or **vocationally focused pathways** through the choice of themes. Although *travel and tourism* and *business, work and employment* offer more 'specialist' pathways, they provide **contexts** in which students can apply language skills and do not require any 'specialist' subject knowledge on the part of the student or teacher.

Alongside the themes, Edexcel has set the following four common topic areas and linked sub-topics. These, together with the minimum core generic vocabulary list (*Appendix 5*), have been produced to help teachers in planning and preparing students for the external examinations (*listening and understanding* and *reading and understanding*).

Common topic areas

The papers for listening and reading skills refer to the generic content areas specified below and feature scenarios set in a country where French is spoken. All students, regardless of their chosen pathway and theme(s), will be expected to become familiar with them.
