
A Qualification content

National Qualifications Framework (NQF) criteria

This specification complies with the requirements of the common criteria, the GCSE qualification criteria, subject criteria for Mathematics and the Key Stage 4 Programme of Study for Mathematics, which are prescribed by the regulatory authorities.

Key subject aims

This qualification in Mathematics encourages students to develop confidence in, and a positive attitude towards, mathematics and to recognise the importance of mathematics in their own lives and to society. This qualification prepares students to make informed decisions about the use of technology, the management of money, further learning opportunities and career choices.

Knowledge and understanding

This Edexcel GCSE in Mathematics A qualification requires students to:

- Develop knowledge, skills and understanding of mathematical methods and concepts, including:
 - Number
 - Algebra
 - Geometry
 - Measures
 - Statistics
 - Probability
- Use their knowledge and understanding to make connections between mathematical concepts
- Apply the functional elements of mathematics in everyday and real-life situations

Skills

This Edexcel GCSE in Mathematics A gives students the opportunity to develop the ability to:

- acquire and use problem-solving strategies
- select and apply mathematical techniques and methods in mathematical, every day and real-world situations
- reason mathematically, make deductions and inferences and draw conclusions
- interpret and communicate mathematical information in a variety of forms appropriate to the information and context.

List of subject contents

Foundation	7
1 Number	8
2 Algebra	12
3 Geometry	16
4 Measures	24
5 Statistics	27
6 Probability	31
Higher	33
1 Number	34
2 Algebra	40
3 Geometry	47
4 Measures	56
5 Statistics	59
6 Probability	65

Subject content

The content of the specification has been grouped into topic areas:

- Number
- Algebra
- Geometry
- Measures
- Statistics
- Probability.

The specification content consists of a reference (ref), a content descriptor and examples of concepts and skills.

Content that is Higher Tier only is indicated in **bold type**.

The content of Higher Tier subsumes the content of Foundation Tier.

Foundation

Overview

Content overview

This qualification contains:

- 1. Number**
- 2. Algebra**
- 3. Geometry**
- 4. Measures**
- 5. Statistics**
- 6. Probability**

Assessment overview

- Each paper contributes 50% of the qualification
- Two written papers
- Each paper lasts 1 hour 45 minutes in total
- Each paper contains 100 marks in total
- Paper 1 Non-calculator, Paper 2 Calculator
- Grades C-G available
- Available in June and November
- 30-40% of each paper assesses the Functional elements of mathematics

References

Each topic in this qualification contains a specification reference (for example, **SP a** for Statement a, Statistics and Probability), the content descriptor and examples of concepts and skills associated with that content descriptor.
