

## Paper 2: Speaking in Spanish

---

### Content

Students are assessed on their ability to communicate and interact effectively through speaking in Spanish for different purposes.

Students will need to:

- convey information and narrate events coherently and confidently, using and adapting language for different purposes
- speak spontaneously, responding to unpredictable questions, points of view or situations, sustaining communication by using rephrasing or repair strategies, as appropriate
- use a range of vocabulary and grammatical structures accurately, including some more complex forms, with reference to past, present and future events
- make creative and more complex use of the language, as appropriate, to express and justify their own thoughts and points of view
- use accurate pronunciation and intonation in order to be understood by a native speaker, however, they will be able to access the highest marks available for each task without a 'perfect' command of Spanish.

These are assessed through a series of three consecutive tasks.

### Task 1 - Role play

The role play is an interaction requiring the student to ask and answer questions, to exchange information and to use different registers. The role play relates to either formal or informal scenarios, in turn inviting the student to use either formal or informal register relevant to the scenario. The task is set in the register that the student is required to use, so students should use that register in their responses.

The role plays are set and are provided by Pearson at the time of assessment together with a sequencing grid and instructions. For an example, please see the *Pearson Edexcel Level 1/Level 2 GCSE (9–1) in Spanish Sample Assessment Materials (SAMs)* document - *Paper 2: Speaking in Spanish, General instructions to the teacher* section.

Scenarios require an exchange of information. Some scenarios are transactional in nature.

The scenarios are based on any of the topics from Themes 1 to 4 (listed on pages 7 and 8) i.e. **not** on the Theme International and global dimension as this Theme lends itself better to the picture-based task and the conversation.

### Task 2 - Picture-based task

The assessment scenario is based on any of the topics (listed on page 8). The topic is allocated by Pearson at the time of assessment together with a sequencing grid and instructions. For an example, please see the *Pearson Edexcel Level 1/Level 2 GCSE (9–1) in Spanish Sample Assessment Materials (SAMs)* document - *Paper 2: Speaking in Spanish, General instructions to the teacher* section.

This assessment allows students to:

- describe and narrate events
- give information
- express, justify and exchange opinions.

Students are required to refer to past, present and future events in this assessment at both Foundation and Higher tiers, using different time frames.

The conversation allows students to cover all of the requirements outlined in the *Contents* section on page 11, including conveying information, giving points of view, developing and initiating conversation and discussion and producing extended sequences of speech.

The conversation is based on any two themes (listed on pages 7 and 8) and is in two parts.

For the first part of the conversation, the student selects one topic from one theme in advance of the assessment. The choice of topic must be agreed between the student and the teacher and must be selected no later than two weeks before the assessment takes place. This part of the conversation task starts with this first topic and then may move on to other topics within the same theme.

The second part of the conversation must be on a different theme. This will be prescribed by Pearson through instructions on a sequencing grid. For an example, please see the *Pearson Edexcel Level 1/Level 2 GCSE (9–1) in Spanish Sample Assessment Materials (SAMs)* document - *Paper 2: Speaking in Spanish, General instructions to the teacher* section.

This part of the conversation may focus on one or more topics from within the selected theme (see pages 7 and 8).

Students are required to refer to past, present and future events in this assessment, using a range of tenses and timeframes.

## General information

- First assessment: April/May 2018.
- The entire assessment must be conducted in Spanish.
- Students complete three tasks.
  - Task 1 – a role play based on one topic. This is allocated by Pearson at the time of assessment.
  - Task 2 – a task containing a picture and questions drawn from one topic. This is allocated by Pearson at the time of assessment.
  - Task 3 – conversation based on two themes. The first theme is based on the topic chosen by the student in advance of the assessment. The second theme is selected by the teacher from a choice of two themes allocated by Pearson.
- Task 1 is set in the register which the student is required to use.

At the time of assessment, Pearson will issue a prescribed order per student for their role play, picture-based task and two themes for the second part of the conversation. The teacher does not choose the order of the cards. Pearson will provide instructions on sequencing and a sequencing grid. For an example, please see the *Pearson Edexcel Level 1/Level 2 GCSE (9–1) in Spanish Sample Assessment Materials (SAMs)* document - *Paper 2: Speaking in Spanish, General instructions to the teacher*, section.

This grid has been designed to help ensure each student covers a broad range of themes from this specification.

- Assessments are conducted by centres within a five-week assessment period in April and May in any single year. Dates for the assessment period will be confirmed in the *UK Information Manual* at the start of each academic year. The assessment period will not always be continuous or be the same period each year, for example it will need to accommodate the Easter break which changes each year.
- The assessment materials provided by Pearson for all tasks may be accessed by the teacher no more than three working days before the prescribed five week assessment period. This is to enable the teacher to prepare for the assessment. The assessment materials in this pack must not be removed from the centre premises.
- Assessments are conducted by teachers in one session within a prescribed assessment window and then submitted to Pearson for external marking.
- Students are presented with instructions in English but must communicate entirely in Spanish for the duration of the assessment.
- Complete, unedited recordings of all assessments must be submitted to Pearson via the online Learner Work Transfer (LWT) portal.
- Each question is set in a context drawn from the topics. The assessment tasks will feature general content that is familiar and accessible to all students.
- Students must be permitted 12 minutes' preparation time to consider the questions and stimulus for tasks 1 and 2.
- Students are assessed on the quality of responses rather than length of assessment; however the assessment times are different to reflect the demand of each tier.
- All assessments are marked against assessment criteria, please see Marking Guidance for Paper 2 (below).
- All role plays are marked for communication only.
- Centres must have procedures in place to verify the identity of all students at the time of the assessment and confirm this on the *Candidate speaking examination record form (CS2)* (see *Appendix 1*). Centres are required to submit to Pearson one completed CS2 form for all students for each tier.

- The use of dictionaries is not permitted during the preparation time or during the assessment.

#### ***Foundation tier assessment time and marks***

- The total assessment for the three tasks is 7 to 9 minutes plus 12 minutes' preparation time.
- The assessment is worth 70 marks.
- The assessment consists of the following three tasks which must be conducted in the following order:
  - o Task 1 – one role play recommended to last between one to one-and-a-half minutes for 10 marks
  - o Task 2 – one picture-based task recommended to last between two-and-a-half to three minutes for 24 marks
  - o Task 3 – a conversation recommended to last between three-and-a-half to four-and-a-half minutes for 36 marks.

#### ***Higher tier assessment time and marks***

- The total assessment for the three tasks is 10 to 12 minutes plus 12 minutes' preparation time.
- The assessment is worth 70 marks.
- The assessment consists of the following three tasks which must be conducted in the following order:
  - o Task 1 – one role play recommended to last between two to two-and-a-half minutes for 10 marks
  - o Task 2 – one picture-based task recommended to last between three to three-and-a-half minutes for 24 marks
  - o Task 3 – a conversation recommended to last between five to six minutes for 36 marks.

Students are allocated 12 minutes' preparation time, under supervised conditions, immediately prior to the assessment for tasks 1 and 2. The purpose is to consider the questions and stimulus for the role play and picture-based scenarios allocated.

Students are permitted to make notes (up to a maximum of one side of A4 for both tasks 1 and 2) during this period and they can refer to them during the role play and picture-based assessment, but not during the conversation task. Students must return their notes to the teacher before commencing task 3 (conversation).

The notes should be for reference only and students must not read out whole, prepared sentences in answer to questions.

Any notes made during the preparation time must be kept securely by the centre until the end of October in the year the assessment is completed, after which time they should be securely destroyed.

Students cannot have access to a dictionary, or any other resource, during the preparation time.

## **Task 1 - Role play**

Pearson will set and provide ten different sets of role plays for each tier. Each role play consists of two cards – one for the teacher and one for the student.

### **Teacher card**

The teacher cards contain instructions on how to conduct the role play and the exact questions to ask.

Each role play opens with an introduction from the teacher, who then asks the first question.

### **Candidate card**

The candidate cards include prompts as a guide and highlights where the candidate needs to ask a question (indicated by the symbol '?') and where an unpredictable question is posed to them by the teacher (indicated by the symbol '!').

Students have access to this during their preparation time to help in preparing for the assessment.

The candidate cards each contain instructions in English and the task in Spanish. The context of the role play is provided in both sections. Candidates must read both sections fully to support understanding each bullet point.

**At the Foundation tier**, the candidate cards contain five bullet points, eliciting five utterances. Students need to ask one question and respond to one unpredictable question. Students are required to speak only in the present tense or they may use a familiar conditional tense where it is more natural to do so, e.g. 'me gustaría.'

**At the Higher tier**, the candidate cards contain five bullet points, eliciting five utterances. Students need to ask two questions and respond to one unpredictable questions. Students are required to speak in the present tense (or they may also use a conditional tense if it is more natural to do so) and respond to one question set in a past tense.

Pearson will provide ten different sets of picture-based tasks for each tier. Each task consists of two cards – one for the teacher and one for the student.

### **Teacher card**

The teacher cards contain instructions on how to conduct this task and the five questions to ask the student. Teachers are allowed to repeat questions and use set prompts to enable students to give a developed response. They are not allowed to deviate from the set prompts.

Each task opens with the teacher asking the first question which is based on the picture.

The first question is directly based on the picture; the remaining questions extend beyond the picture, but are based on the overall topic from which the picture is drawn, inviting an exchange of views or opinions.

### **Candidate card**

**At the Foundation tier**, students are provided with a picture and five bullets in Spanish to help in preparing for the five questions that will be asked during the assessment. Students are allowed to ask for questions to be repeated.

Students have access to this during their preparation time.

**At the Higher tier**, students are provided with a picture and five bullets in Spanish to help in preparing for the five questions that will be asked during the assessment. The final bullet is marked by the symbol '!' to denote one unpredictable question. Students are allowed to ask for questions to be repeated.

Students have access to this during their preparation time.

The first part of the conversation opens with the topic chosen by the student. The student may choose to focus on any aspect(s) of the topic as each has a number of different features. For example, a student who has selected the topic *What school is like* may:

- choose to focus on “school types” and “rules and pressures”, or
- choose only to focus on “rules and pressures”.

To enable them to make a confident start, the teacher should allow the student to state their chosen aspect(s) from their nominated topic and to talk about this aspect/these aspects for up to one minute.

The teacher continues the conversation on the chosen topic and then may move on to other topics within the same theme, if necessary, to ensure that students use the recommended time for this task most effectively.

The second part of the conversation is based on a different theme allocated by Pearson and covers any of the topics across that single theme.

Teachers must ensure that **an equal amount of time** is allocated to both parts of the conversation.

Throughout the conversation, in order to facilitate a genuine and spontaneous interaction, the nature of questions from the teacher should enable students to:

- answer questions freely, in turn allowing them to produce extended sequences of speech
- develop conversations and discussions
- give and justify own thoughts and opinions
- refer to past, present and future events.

### **Preparation time and notes for tasks 1 and 2 only**

- The notes made during the preparation time should be a reference only, and students should not read out whole, prepared sentences.
- The preparation time **must** be supervised. It can take place either in the examination room with the teacher or outside of the room with an invigilator.
- Students are not permitted to write on the candidate cards.
- Students must return their notes and candidate cards to the teacher at the end of the second task (picture-based task).
- Any notes made during the preparation time must be kept securely by the centre until the end of October in the year the assessment is completed, after which time they should be securely destroyed.
- Students cannot have access to a dictionary, or any other resource, during the preparation time.

### **Sample assessment materials**

Sample candidate and teacher cards for the role play and picture-based tasks and accompanying marking guidance and assessment criteria can be found in the *Pearson Edexcel Level 1/Level 2 GCSE (9–1) in Spanish Sample Assessment Materials (SAMs)* document.

Marking guidance and assessment criteria are also provided in this document.

This marking guidance is for the use of Pearson-appointed external examiners. The guidance has been included for teacher reference to aid understanding of how the assessment criteria will be applied.

## General guidance on using levels-based mark schemes

### Step 1 Decide on a band

- The examiner will first of all consider the answer as a whole and then decide which descriptors most closely match the answer and place it in that band. The descriptors for each band indicate the different features that will be seen in the student's answer for that band.
- When assigning a level they will look at the overall quality of the answer and not focus disproportionately on small and specific parts of the answer where the student has not performed quite as well as the rest. If the answer covers different aspects of different bands of the mark scheme they will use a 'best fit' approach for defining the level and then use the variability of the response to help decide the mark within the level, for example if the response is predominantly band 5–8 with a small amount of band 9–12 material, it would be placed in band 5–8 but be awarded a mark near the top of the band because of the band 9–12 content.

### Step 2 Decide on a mark

- Once they have decided on a band they will then need to decide on a mark within the band.
- They will decide on the mark to award based on the quality of the answer; they will award a mark towards the top or bottom of that band depending on how the student has evidenced each of the descriptor bullet points.
- They will modify the mark based on how securely the trait descriptors are met at that band.
- They will need to go back through the answer as they apply the mark scheme to clarify points and assure themselves that the band and the mark are appropriate.

### Role play – Foundation tier (10 marks)

For this task, students' work is marked by Pearson using the following assessment criteria. The mark grid is applied once to **each individual response to the prompts**. There is a maximum of 2 marks for each of the five prompts on the role play cards.

| Mark | Descriptor                                                                                                                                       |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| 0    | No rewardable communication; highly ambiguous <b>OR</b> pronunciation prevents communication                                                     |
| 1    | Partially clear/ambiguous <b>OR</b> partially appropriate within the context of the role play; pronunciation may affect clarity of communication |
| 2    | Clearly communicated; appropriate within the context of the role play; unambiguous; pronunciation supports clear communication                   |

Exemplification of how to apply the role-play mark grid can be found in Pearson Edexcel Level 1/Level 2 GCSE (9-1) in Spanish Sample Assessment Materials (SAMs) document.

#### Additional guidance

**Appropriate:** relevant response related to the prompt, uses appropriate register for the scenario.

**Partially clear / Pronunciation may affect clarity of communication:** makes speech difficult to understand immediately (even if the meaning is eventually understood)/forces the listener to strain to understand what is meant.

## Picture-based task – Foundation tier (24 marks)

There are two mark grids to be applied to this task which are:

- communication and content
- linguistic knowledge and accuracy.

### Picture-based task: communication and content - Foundation tier

| Mark  | Descriptor                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

### Additional guidance

**Adaptation of/adapting language to describe, narrate and inform:** adapts language to achieve different purposes in the language; students may adapt language more effectively for one purpose than another, for example they may use language effectively to inform but less effectively to narrate.

**Straightforward** opinions and justification are those that form part of a minimum/standard/predictable response.

**Picture-based task: linguistic knowledge and accuracy - Foundation tier**

| Mark | Descriptor                                                                                                                                                                                                                                                                                                                                                                                                               |

**Additional guidance**

**Errors:** The mark grid describes the frequency of errors and the impact that errors have on clarity.

Errors that **do not hinder clarity:**

- errors that do not affect meaning, for example gender, adjectival agreements
- infrequent errors that do not distract the listener from the content of what is being said.

Errors that **hinder clarity:**

- errors that make speech difficult to understand immediately (even if the meaning is eventually understood)/errors that force listeners to strain to understand what is meant, for example inappropriate tense formation, mismatch of subject and the possessive adjective
- frequent errors hinder clarity as they will distract the listener from the content of what is being said.

Errors that **prevent meaning being conveyed:**

- errors that mean the listener cannot understand the message
- errors that convey the wrong message
- errors that make it unclear who is doing the action, i.e. using the incorrect person of the verb
- mother-tongue interference.

**NB:** these are examples only and do not constitute a finite list.

## Conversation – Foundation tier (36 marks)

There are three mark grids to be applied to this task which are:

- communication and content
- interaction and spontaneity
- linguistic knowledge and accuracy.

### Conversation: communication and content - Foundation tier

### **Additional guidance**

***Uses language creatively*** – examples of creative language use are:

- using language to create an effect
- manipulating language, including familiar, high-frequency and simple language, to respond to unfamiliar/unexpected contexts and purposes
- using language to express thoughts, ideas, feelings and emotions
- using language to inform and narrate ideas, thoughts and points of view to maintain interest
- applying a variety of vocabulary and structures to maintain interest
- using language effectively to achieve more complex purposes, for example to interest, to convince.

***Individual*** thoughts, ideas and opinions: this is linked to creative use of language whereby students use language to express original thoughts, ideas and points of view which go beyond the minimum/standard/predictable response.

***Straightforward*** ideas, thoughts and opinions are those that give the minimum/standard/predictable response.

#### Additional guidance

**Rephrasing/repair strategies:** strategies that aid communication and allow the conversation to be sustained, for example rephrasing, circumlocution, adjusting the message, asking for clarification/repetition, repair strategies such as self-correction; these strategies enable students to deliver the message when exact vocabulary or expressions are not known.

**Responds/responding spontaneously:** gives a relevant, impromptu response based on what they have heard.

**Rehearsed language:** language learned by heart, which may not give a relevant, impromptu response based on what has been heard (not spontaneous).

#### Additional guidance

**Complex grammatical structures** are considered to be:

- varied and complex word order
- using extended sentences that include a range of structures, for example conjunctions, pronouns, reported speech and/or a range of lexis, for example to express abstract ideas/convey justified arguments
- conceptually more challenging language.

**Straightforward** grammatical structures are considered to be:

- repetitive, simple word order
- short, simple sentences that use a repetitive range of common, high-frequency structures
- simple ideas, opinions and thoughts that are expressed but are not justified.

**Errors:** The mark grid describes the frequency of errors and the impact that errors have on clarity.

Errors that **do not hinder clarity:**

- errors that do not affect meaning, for example gender, adjectival agreements
- infrequent errors that do not distract the listener from the content of what is being said.

Errors that **hinder clarity**:

- errors that make speech difficult to understand immediately (even if the meaning is eventually understood)/errors that force listeners to strain to understand what is meant, for example inappropriate tense formation, mismatch of subject and the possessive adjective
- frequent errors hinder clarity as they will distract the listener from the content of what is being said.

Errors that **prevent meaning being conveyed**:

- errors that mean the listener cannot understand the message
- errors that convey the wrong message
- errors that make it unclear who is doing the action, i.e. using the incorrect person of the verb
- mother-tongue interference.

**NB:** these are examples only and do not constitute a finite list.

## Role play – Higher tier (10 marks)

For this task, students' work is marked by Pearson using the following assessment criteria. The mark grid is applied once to **each individual response to the prompts**. There is a maximum of 2 marks for each of the five prompts on the role play cards.

| Mark | Descriptor                                                                                                                                       |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| 0    | No rewardable communication; highly ambiguous <b>OR</b> pronunciation prevents communication                                                     |
| 1    | Partially clear/ambiguous <b>OR</b> partially appropriate within the context of the role play; pronunciation may affect clarity of communication |
| 2    | Clearly communicated; appropriate within the context of the role play; unambiguous; pronunciation supports clear communication                   |

Exemplification of how to apply the role-play mark grid can be found in Pearson Edexcel Level 1/Level 2 GCSE (9-1) in Spanish Sample Assessment Materials (SAMs) document.

### Additional guidance

**Appropriate:** relevant response related to the prompt, uses appropriate register for the scenario.

**Partially clear / Pronunciation may affect clarity of communication:** makes speech difficult to understand immediately (even if the meaning is eventually understood)/forces the listener to strain to understand what is meant.

### Picture-based task – Higher tier (24 marks)

There are two mark grids to be applied to this task which are:

- communication and content
- linguistic knowledge and accuracy.

#### Additional guidance

***Adaptation of language to describe, narrate and inform:*** adapts language to achieve different purposes in the language; students may adapt language more effectively for one purpose than another, for example they may use language effectively to inform but less effectively to narrate.

**Additional guidance**

**Errors:** students are not expected to produce perfect, error-free speech in order to access the top band as errors are also made by native speakers. The mark grid describes the frequency of errors and the impact that errors have on clarity.

Errors that **do not hinder clarity**:

- errors that do not affect meaning, for example gender, adjectival agreements
- infrequent errors that do not distract the listener from the content of what is being said.

Errors that **hinder clarity**:

- errors that make speech difficult to understand immediately (even if the meaning is eventually understood)/errors that force listeners to strain to understand what is meant, for example inappropriate tense formation, mismatch of subject and the possessive adjective
- frequent errors hinder clarity as they distract the listener from the content of what is being said.

Errors that **prevent meaning being conveyed**:

- errors that mean the listener cannot understand the message
- errors that convey the wrong message
- errors that make it unclear who is doing the action, i.e. using the incorrect person of the verb
- mother-tongue interference.

**NB:** these are examples only and do not constitute a finite list.

## Conversation - Higher tier (36 marks)

There are three mark grids to be applied to this task, they are:

- communication and content
- interaction and spontaneity
- linguistic knowledge and accuracy.

## **Additional guidance**

***Uses language creatively:*** examples of creative language use are:

- using language to create an effect
- manipulating language, including familiar, high frequency and simple language, to respond to unfamiliar/unexpected contexts and purposes
- using language to express thoughts, ideas, feelings and emotions
- using language to inform and narrate ideas, thoughts and points of view to maintain interest
- applying a variety of vocabulary and structures to maintain interest
- using language effectively to achieve more complex purposes, for example to interest, to convince.

***Individual*** thoughts, ideas and opinions: this is linked to creative use of language whereby students use language to express original thoughts, ideas and points of view that go beyond the minimum/standard/predictable response.

***Straightforward*** ideas, thoughts and opinions are those that give the minimum/standard/predictable response.

#### Additional guidance

**Respond(s) spontaneously:** gives a relevant, impromptu response based on what they have heard.

**Rephrasing/repair strategies** are strategies that aid communication and allow the conversation to be sustained, for example rephrasing, circumlocution, adjusting the message, asking for clarification/repetition, repair strategies such as self-correction; these strategies enable students to deliver the message when exact vocabulary or expressions are not known.

### Additional guidance

**Complex** grammatical structures are considered to be:

- all grammar and structures that are included in the grammar list which are specific to Higher tier GCSE
- varied and complex word order
- using extended sentences that include a range of structures, for example conjunctions, pronouns, reported speech and/or a range of lexis, for example to express abstract ideas/convey justified arguments
- conceptually more challenging language

**Straightforward** grammatical structures are considered to be:

- repetitive, simple word order
- short, simple sentences that use a repetitive range of common, high-frequency structures
- simple ideas, opinions and thoughts that are expressed but are not justified.

**Errors:** students are not expected to produce perfect, error-free speech in order to access the top band as errors are also made by native speakers. The mark grid describes the frequency of errors and the impact that errors have on clarity.

Errors that **do not hinder clarity**:

- errors that do not affect meaning, for example gender, adjectival agreements
