

Section B: Dictation (10 marks)

The instructions for this task are given in English. Students will listen to a passage of spoken Spanish and write their responses in Spanish.

- Students are allocated five minutes to read through the paper before the first extract of the recording starts. This gives students an opportunity to familiarise themselves with the length and the layout of the paper and to read the questions before hearing the first extract.
- **Each extract is played three times**, with appropriate pauses between individual sentences, after each extract, and before the next question or part question. This will allow students sufficient time to process information, write down their responses and read the next question or part question.
- Students must answer all questions.
- In Section A, there are four crossover questions between the Foundation Tier and the Higher Tier papers.
- Recordings are released as audio files via our Secure Download Service (SDS) prior to the examination.
- Dictionaries may not be used in the examination.
