

3.5 Ratios and performance	Calculation and interpretation of the main ratios from which business performance may be assessed: • gross profit ratio • net profit ratio • return on capital employed (ROCE) • current ratio • acid test. The interpretation will include an ability to: • make comparisons with previous years and/or with other business organisations • describe their function in achieving/furthering business objectives • show an understanding of the financial information they provide. <i>(Students will be provided with formulae in the examination questions.)</i>
