

9.2 Assessment information

This unit is assessed by means of a written examination paper of 1 hour 20 minutes' duration. The paper will consist of objective, short-answer and long-answer questions. Students may be required to apply their knowledge and understanding of physics to situations that they have not seen before.

The total number of marks available for this examination paper is 40. It contributes 10 per cent to the International Advanced Level in Physics.

Students will need a scientific calculator, a protractor and a ruler for this paper.

Students are provided with the formulae sheet in *Appendix 5* in the main specification. Any other physics formulae that are required will be stated in the question paper.
