

Learners will be expected to demonstrate skills as defined in the Art and Design Core Content section of this specification, in the context of their chosen area(s) of Textile Design. In addition learners will be required to demonstrate skills in all of the following:

- recording experiences and observations, using drawing, illustration, stitch, materials or other appropriate forms
- undertake research and gather, select and organise a range of appropriate materials and information
- applying and using composition in textiles
- understanding and application of scale appropriate to the chosen work and direction relevant to learner intention
- understanding and applying formal elements such as colour, tone, texture, shape and form in relation to Textile Design

	• using appropriate visual language and terminology within Textile Design • appreciating the relationship of form and function of textiles, such as garments, accessories and soft furnishings and, where applicable, the constraints of working to a brief • understanding and using relevant conventions and genres in Textile Design.
Knowledge and Understanding	Learners must use an appropriate range of processes and techniques using traditional and/or digital media, appropriate to the chosen subject area, enabling research, exploration and the creation of the final outcome(s). Learners will build and evidence an understanding of: • relevant research, context, technologies, materials, processes and resources • continuity and change in different genres, styles and traditions relevant to Textile Design and the chosen areas of study within the endorsement • a range of techniques appropriate to the area of study they are working within • how ideas, feelings and meanings can be conveyed and interpreted in images and artefacts • how images and artefacts relate to the time and place in which they were made and to their social and cultural context • a working vocabulary and specialist terminology which are relevant to their chosen area(s) of study.
