

4.7.4 Thresholds

At the time of setting, each examination paper will be designed so that 50% of the marks are available to grade E candidates , 75% to grade C and 100% to grade A. Typically candidates are expected to achieve about four fifths of the marks available to achieve a grade, giving design grades of : A 80%, B 70%, C 60%, D 50% and E 40%. The actual grading is carried out by the Awarding Committee. They make allowance for examination performance and for any features of a particular paper that only become apparent after it has been taken. Thus some variation from the design grades can be expected in the award.
