

2c. Content of Socio-cultural issues in physical activity and sport (H555/03)

This component focuses on the sociological and contemporary issues that influence and affect physical activity and sport for both the audience and the performer and how sport affects society.

It includes the emergence and evolution of modern sport and how social and cultural factors shaped the characteristics of sports and pastimes in pre-industrial and post-industrial Britain.

The impact of the modern Olympic Games will be understood as well as the impact on society of hosting global sporting events. The ever-evolving modern technology and its influence on sport performers and spectators will be understood and practical examples will be used by learners to show the effect of modern technology.

3.1 Sport and society

In this topic, learners will develop their knowledge and understanding of how physical activity and sport have developed through time and the factors that shape contemporary sport.

For the 'Emergence and evolution of modern sport' topic area, it will be beneficial to include the use of

case studies in particular sports (for example football, tennis, athletics or cricket) which can be charted through the different time periods covered.

Learners will also understand the nature of global sporting events and how they reflect and are impacted upon by social issues.
