

1.5 Practical activities	Learners are expected to conduct and analyse their own small-scale research practicals, including appropriate risk assessment and management, (please see appendix 5d). In order to become fully familiar with the content of this component, it is suggested that learners create a research portfolio using appropriate information communication technology and write-up the practicals they conduct.
	Learners should have experience of the following practical activities: • self-report • observation • experiment • correlation.
