

Titles and related Areas of Study	Learners are required to work in two or more specification titles from those listed below: • Fine Art • Graphic Communication • Photography • Textile Design • Three-Dimensional Design • Critical and Contextual Studies Learners may choose one area of study and produce work appropriate to two or more specification titles such as Still Life in Fine Art and Photography. Alternatively, learners may choose different area(s) of study such as Typography or Product Design from two or more specialisms and combine them in a complementary way. Techniques Learners undertaking the Art, Craft and Design specification title should explore techniques relevant to the chosen area(s) of study as outlined for each chosen specification title.
