

Learners will be expected to demonstrate skills, as defined in the Art and Design Core Content section of this specification, in the context of their chosen areas of art, craft and design.

In addition, learners will be required to demonstrate skills relevant to **two or more** of their chosen specification titles in the following:

- develop their ideas through investigations informed by selecting and critically analysing sources
- apply an understanding of relevant art, craft and design practices in the creative and cultural industries to their work
- refine their art, craft and design ideas as work progresses through recording, researching, selecting, editing and presenting artefact(s)/product(s)/personal outcome(s)

	- record their ideas, observations, insights and independent judgements, in ways that are appropriate to the Art, Craft and Design title, such as recording through drawing and creating images with mixed media - use appropriate specialist vocabulary through either visual communication or written annotation, or both, appropriate to art, craft and design - use visual language critically as appropriate to their own creative intentions and chosen titles and area(s) of study through effective and safe use of: - media - materials - techniques - processes - technologies - use drawing skills for different needs and purposes, appropriate to the titles and area(s) of study used - realise personal intentions in Art, Craft and Design, through the sustained application of art, craft and design processes.
Knowledge and Understanding	Learners are required to demonstrate the knowledge and understanding listed below through practical application of skills to realise personal intentions relevant to their chosen titles and area(s) of Art, Craft and Design. Learners are required to know and understand how sources inspire the development of their ideas. Reference should be made to the following: - the work and approaches of artists, craftspeople or designers from contemporary and/or historical contexts, periods, societies and cultures - contemporary and/or historical environments, situations or issues - other relevant sources researched by the learner in the chosen specification title and area(s) of study from art, craft and design - the ways in which meanings, ideas and intentions can be communicated through visual, sensory and tactile language, using formal elements, including: - colour - line - form - tone - texture - the characteristics, properties and effects of using different media, materials, techniques and processes, and the ways in which they can be used in relation to learners' own creative intentions and chosen area(s) of study in art, craft and design - the different purposes, intentions and functions of art, craft and design in a variety of contexts and as appropriate to learner's work.
