

Skills	Learners are required to demonstrate the knowledge, skills and understanding as defined in the Art and Design Core Content section of this specification in the context of their chosen area(s) of Textile Design. In addition, learners will be required to demonstrate skills in the following: • develop ideas through investigations informed by selecting and critically analysing sources • apply an understanding of relevant textile design practices in the creative and cultural industries to their work • refine their ideas as work progresses through researching, selecting, constructing and presenting textile artefact(s)/product(s)/personal outcome(s) • record their ideas, observations, insights and independent judgements, in ways that are appropriate to the Textile Design title such as, printed fabric or constructed garments • use appropriate specialist vocabulary through either visual communication or written annotation, or both, within Textile Design • use visual language critically as appropriate to their own creative intentions and chosen area(s) of textile design through effective and safe use of: ○ media ○ materials ○ techniques ○ processes ○ technologies • use drawing skills for different needs and purposes, appropriate to the area(s) of study used. Drawing may take the form of stitch, collage and pattern creation using appropriate media and materials • realise personal intentions in Textile Design, through the sustained application of the textile design process.
Knowledge and Understanding	Learners are required to demonstrate the knowledge and understanding listed below through practical application of skills to realise personal intentions relevant to their chosen area(s) of Textile Design. Learners are required to know and understand how sources inspire the development of their ideas. Reference should be made to the following: • the work and approaches of textile designers from contemporary and/or historical contexts, periods, societies and cultures • contemporary and/or historical environments, situations or issues • other relevant sources researched by the learner in their chosen area(s) of textile design • the ways in which meanings, ideas and intentions can be communicated through visual and tactile language, using formal elements, including: ○ colour ○ line ○ form ○ tone ○ texture • the characteristics, properties and effects of using different media, materials, techniques and processes, and the ways in which they can be used in relation to learners' own creative intentions and chosen area(s) of Textile Design • the different purposes, intentions and functions of Textile Design in a variety of contexts and as appropriate to learners' own work.
