

2c. Content of Business 2: operations, finance and influences on business (J204/02)

This component takes a closer look at the role of operations and finance and introduces learners to external influences on business. It explores the importance of these influences and how businesses change in response to them. Finally, learners will use content from both component 01 and component 02 to make connections between different elements of the subject.

There are four sections covering content – section 4: operations, section 5: finance, section 6: influences on business and section 7: the interdependent nature of

business. Content from all these sections will be assessed in component 02. Learners will also be required to draw on content from Business 1: business activity marketing and human resources to answer synoptic questions in section B of the component 02 examination.

Throughout this component learners will need to consider how different contexts affect business decisions.

4. Operations

In this section, learners explore what business operations involve, their role within the production of goods and the provision of services, and how they influence

business activity. Knowledge and understanding of business operations must include the following:

Topic	Content	Points to include
4.1 Production processes	• Different production processes and their impact on businesses	✓ job, batch, flow
	• The influence of technology on production and the impact on businesses	✓ automation, computers and robotics
