

2c.2. Content of Socio-cultural issues and sports psychology (J587/02)

In Component 02, *Socio-cultural issues and sports psychology*, learners will develop their knowledge of socio-cultural influences that impact on participation and performance in physical activities and sports. Learners will also develop their knowledge and understanding of how sport impacts on society. Engagement patterns of different social groups will be understood by learners, along with strategies to promote participation with practical examples. The commercialisation of physical activities and sports will be understood, including the influences of sponsorship and the media. Learners will also develop their knowledge and understanding of ethical and socio-cultural issues in physical activities and sports.

Learners will develop their knowledge and understanding of sports psychology theories related to acquiring movement skills and optimising performance. Learners will be able to reflect on their own learning and performance of physical activities and sports skills to recognise the key psychological concepts affecting performance.

Learners will develop their knowledge and understanding of the benefits of participating in physical activities and sports to their

health, fitness and well-being. The physical, emotional and social aspects will be understood as well as the consequences of a sedentary lifestyle. Learners will also develop their knowledge and understanding of energy use along with diet, nutrition and hydration.

2.1 Socio-cultural influences

Physical activities and sports play an integral part of society in the UK. In this topic, learners will develop their knowledge and understanding of the factors that continue to impact on physical activities and sports in the UK today. Learners will be introduced to engagement patterns of different social groups in physical activities and sports. Learners will develop their understanding of the influences of

commercialism and the media on physical activities and sports.

The ethical and socio-cultural issues in physical activities and sports will enable learners to develop their understanding of sportsmanship, gamesmanship and deviance in sport along with being able to apply theories to practical examples from physical activities and sports.
